

BORDEAUX

Refined understatement. The new upholstery fabric Bordeaux acquires its elegant two-coloured finish in a dyeing process that entails the use of

special yarns for the surface material. Unique. Suave elegance with contemporary stylishness. Soft as velour.

Typical product characteristics:

Slight colour and structure deviations between the production batches are unavoidable. Thickening of threads, knots and foreign weft cannot be excluded with woven fabrics. Also typically roughened flat fabrics can be further roughened during use. Due to the roughened surface, a slight streak effect typical of the fabric can occur. Loop pulls are to be expected when hooked with pointed objects or Velcro fasteners. Pilling cannot be avoided and can also be caused by the adhesion of foreign fibres. Pile layer changes | seat mirrors are unavoidable with roughened fabrics. A certain degree of fading of the colours due to incidence of light or abrasion due to stress is inherent in the nature of a fabric. Light colours show dirt and denim abrasion faster and more clearly than dark colours. Light colours can cause colour migration | colour migration in combination with dark or intensive colour tones. Dark and intensive colours tend to rub off.

CLEANING INSTRUCTIONS

Daily care and at-home cleaners can keep your fabric looking beautiful for years. In the case of a spill, stain, or general wear and tear, follow our tips on how to clean a fabric.

For cleaning you need distilled water and a ph neutral shampoo.

You need a white, clean and soft cotton cloth. Use this to remove the stain in circular motions and allow the area to dry.

Cleaning only with the vacuum cleaner nozzle.
